

SIREX® TREKKING/OUTDOOR MATS

Mats with versatile possibilities. Lightweight and midweight mats, ideal for trekking or backpacking tours. Strong, durable mats with embossment (higher insulation due to surface enlargement) and in some cases also extra reinforcement.

High-quality mats with an excellent insulation, also under extreme conditions. The SIREX® EVA mats are the solution for the more demanding adventurer. Mats made of EVA-block foam with the finest cell structure, available in two densities, Tibet (30 kg/m³) or Nepal/Tundra (50 kg/m³) and in different sizes.
