

SIREX® FITNESS AND FUN

A complete program fitness mats for domestic as well as professional use. SIREX® Basic gym mats are suitable for exercises at home. Larger mats for comfortable training.

SIREX® Fitness mats with reinforced and embossed surface are more durable. Available also with print showing gymnastic exercises.

SIREX® Fitness Pro and SIREX® Sani Pro are developed for more professional use. STAR® Souplesse fitness mats are flexible and very comfortable for allround use.

SIREX® STAR is your partner in therapy. An extensive program of comfortable and durable therapy mats. The requirements for fitness and gymnastic mats meet high standards, but for therapy the requirements are even higher: the mats should be comfortable and should protect the body during treatment. Hygiene and durability are of extreme importance. The SIREX® STAR mats exceed these requirements and offer the ideal solution. For detailed information on this SIREX® STAR program see our special brochure.
